Mōrena Trish,

I think you're jumping the gun here. Wasn't Tristan organising a hui with the planners as we agreed? I've read the documents and found the letter from Simpson Grierson pretty clear regarding special circumstances notification.

Regardless, I'll form my opinion following our briefing with the appropriate people. Suggest you do the same.

Thanks,
Toni

Hi Toni

I'm sure like me you've been reading the Panuku resource consent application in detail, re 30-38 Hurstmere Rd and 40 Anzac Street. I really appreciate Tristan's approach to set a briefing for all members. My thoughts are however, given the deadline, that the Local Board should seek to have this application fully notified. I am hoping you agree with the idea that the Board seeks full public notification. My reason is that there is significant public interest in this proposal and to get the most positive outcome the Local Board should seek full public comment. Can you respond rather urgently to this matter

Cheers trish
